## Personal Summary

Dedicated to doing the best in every task. Eager to explore new opportunities, bringing enthusiasm, hard work, and a strong desire to learn and grow in every role.

## Key Expertise

Web Development, SQL, AWS, Java, GitHub, Figma

## Experience

### Intern

July 2024 – September 2024

WSA Academy

Tools Used: MERN Stack (MongoDB, Express, React, Node.js)

- Gained hands-on experience with MongoDB, React, Node.js, and HTML while developing a Food Ordering System.
- Integrated a React front-end, Node.js backend, and MongoDB database to build a full-stack application.

## Projects

### Blood Donation Management System | React, Node.js, MongoDB

- Developed a comprehensive web-based blood donation system using React and Node.js with real-time donor tracking and geolocation mapping.
- Implemented authentication for donors and blood banks using JWT for secure login and registration.
- Deployed on Render: [blood-donation-front-end.onrender.com](https://blood-donation-front-end.onrender.com)

### Food Delivery Application | MongoDB, Express, React, Node.js

- Built a full-stack MERN application enabling users to browse restaurants, explore menus, place orders, and track deliveries.
- Deployed on Render: [foodweb-frontend-632.onrender.com](https://foodweb-frontend-632.onrender.com)

## Publications

- Food Delivery Platform Using MERN Stack – International Journal for Research Trends and Innovation (2025)

## Training

- Full-Stack Development Training – MIT ADT School of Engineering (2024)

## Awards & Certifications

- AWS Certified Cloud Practitioner (2025): Demonstrated foundational understanding of AWS cloud services, security, and architecture.
- Cloud Computing Applications Certification (2024): Completed coursework on cloud deployment, scalability, and application management.
- Best Project Award – Final Year (2025): Awarded for outstanding Blood Donation Management System project at MIT ADT School of Engineering.

## Education

### B.Tech., Computer Science and Engineering – Big Data and Cloud Computing

MIT ADT – School of Engineering, Maharashtra, India

Graduated: 2025

CGPA: 7.60 / 10

### 12th – Higher Secondary Certificate

BJS College Wagholi, Pune, India

2021

Percentage: 83%

### 10th – Secondary School Certificate

Madhyamik Vidyalaya Sanaswadi, Pune, India

2019

Percentage: 82%

## Personal Information

Date of Birth: 08/06/2003    Gender: Male    Marital Status: Single
